About Us

Saudi Based Medical Solution Services Factory (MSS) is the first medical pulp manufacturer in the Middle east that uses virgin paper to produce medical pulp.

We have started in 2017 to make the main medical disposable products in the first phase of production :

URINAL BOTTLE

KIDNEY DISH

WASH BOWL

BED PAN

Our Vision

Our vision is to expand our products portfolio to include all medical disposable products that can be produced in paper pulp to reduce the chances of infection and reduce the consumption of plastic.

Our Message

We live in our planet from an era of effective industrial renaissance, but some of us may not know how dangerous some of these industries are in the long run. Including plastic materials. We in Medical Solutions Services want to reduce the use of plastic in our world and replace it with a strong, solid, Disposable product made of paper (medical pulp) that reduces infection in health facilities and our daily uses.
